

ALCIVIA ADVISOR

MONTHLY NEWSLETTER - SEPTEMBER 2022

SAFETY

September is National Farm Safety Month

ALCIVIA is dedicated to a 'Safety First' culture across our entire organization. The safety of our members, customers, and employees is our top priority. We've implemented rigorous safety policies and practices at all our locations, curtailing workplace injuries and at-risk behavior, including mandatory personal protective equipment including eyewear, hard hats, safety boots and high visibility apparel in all operational areas.

On Farm Safety

Our members and customers can commit to safety and implement their own safety policies and practices. The following are a few key highlights that could help protect you, a family member, or employees:

- Replace all missing power take-off and rotating equipment shields. Shut off power to equipment before leaving the operator's station.
- Check that lights, flashers and reflectors on machines work properly. Always use them when traveling on roadways.
- Replace "slow moving vehicle" emblems that aren't clean and bright.
