## SAFETY

### Distracted Driving Awareness Month

April, which is national Distracted Driving Awareness Month, is a good time to regroup and take responsibility for the choices we make when we're on the road. Follow these safety tips for a safe ride every time:

- Need to send a text? Pull over and park your car in a safe location. Only then is it safe to send or read a text.
- Designate your passenger as your "designated texter." Allow them access to your phone to respond to calls or messages.
- Do not scroll through apps, including social media, while driving. Cell phone use can be habit-forming. Struggling to not text and drive? Put the cell phone in the trunk, glove box, or back seat of the vehicle until you arrive at your destination.
